Accepting Work, Approving As-Built Plans, and Authorization to Issue a Notice of Substantial Completion for the Sanitary Sewer Rehabilitation Basins 9, 11, 12 and 15 Pipebursting, California Trenchless, City Contract Number 410

March 23, 2004

Honorable Mayor and Members of the City Council:

Summary

The City Council is requested to accept the work, approve the as-built plans, and authorize issuing a Notice of Substantial Completion to California Trenchless for the Sanitary Sewer Rehabilitation Basins 9, 11, 12 and 15 Pipebursting Project, City Contract Number 410. The Public Works Department has inspected the contractor's work and finds that it has been completed in accordance with contract requirements. Upon approval of the contract change orders, the final project cost will be \$487,350.94.

Background and Discussion

On April 8, 2003 by Resolution 9385, the City Council awarded City Contract Number 410 to California Trenchless (the lowest responsible bidder) in the amount of \$576,402; Council also provided a ten percent contingency. As part of the Citywide Sanitary Sewer rehabilitation program, sanitary sewers in the western Belmont neighborhoods of Skymont, Hallmark, Western Hills, and Carlmont (Drainage Basins 9, 11, 12 and 15) were video-inspected four years ago. This inspection identified deteriorated pipes requiring replacement. City Contract Number 410, which specified pipebursting sewer replacement, was used to rehabilitate these sewers.

California Trenchless' work has been inspected by the Department of Public Works who find it substantially complete in accordance with the contract documents. Upon completion of the punch list items, the City Clerk's Office will ask the County to record a Notice of Completion to close out this project.
