

Staff Report

SEMERIA PARK ADVISORY COMMITTEE

Honorable Chair and Commissioners:

Summary

A Semeria Park Advisory Committee is being created to provide valuable input and support to the Parks Department on the Semeria Park development project. Committee members would serve as advisory members whose role would be to communicate between the community members and the Parks and Recreation Commission.

Background

The Semeria Park Advisory Committee will be comprised of five members who will include Parks and Recreation Commissioners (2) and at large neighborhood members (3). It is anticipated that committee members would participate in outreach meetings with residents of the Cipriani neighborhood to provide input and feedback to the Commission.

The committee will work closely with city staff in identifying needs, desires and challenges associated with a new park development. Once the committee is formed, the first meetings are likely to be scheduled in June 2008.
