

## Staff Report

---

### **PUBLIC HEARING TO CONSIDER AN ORDINANCE OF THE CITY COUNCIL OF THE CITY OF BELMONT ESTABLISHING A REVISED SCHEDULE OF SOLID WASTE CHARGES**

Honorable Mayor and Council Members:

#### **Summary**

On April 28, 2009 the City Council approved a resolution stating the City's intention to raise solid waste rates 4.87% on July 1, 2009, January 1, 2010 and July 1, 2010 respectively followed by a cash payment of approximately \$600,000 from the Allied Waste settlement monies accounted for in the Solid Waste Fund. The resolution also set public hearing, pursuant to the Provisions of Section 6 of Article XIID of the California Constitution, i.e., Proposition 218, for June 23, 2009 and established the rules for tabulating protests against the proposed charge increase.

At the conclusion of the public hearing, subject to the results of the protest, City Council can consider an ordinance establishing a revised schedule of solid waste charges.

#### **Background**

The City of Belmont provides residents and businesses solid waste and recycling services through a franchise agreement with Allied Waste. Beginning January 1, 2011, a new franchise agreement will be in place with Norcal Waste. The City contracts directly with the provider, Allied Waste, for collection services, but obtains processing and disposal services through membership in the South Bayside Waste Management Authority (SBWMA).

The last solid waste rate increase was in April 2005. At that time, the City Council approved a lump sum increase of 26.1%. However, the 2006 expenses were 8.9% greater than anticipated in the new rate structure. The City has been playing catch-up in its reserve balance account ever since. In addition, the assumptions that were used to create the rates for 2007 through 2009 were set at 4% per year and in 2007, 2008, and 2009 (projected), costs have increased between 5.2% and 5.6% each year. This can be attributed to fuel, healthcare and other insurance related to the operations that had increases greater than the CPI.

The City of Belmont is running a deficit in its reserve balancing account (accumulated difference

between revenues and expenditures) for solid waste management services. This deficit, \$592,076 at December 31, 2008, requires a customer rate increase to eliminate by December 31, 2010, the end of the current franchise agreement. As indicated in the summary above, the rates need to be approved pursuant to Proposition 218. The efforts taken so far and the ordinance attached comply with that process. All of the analysis has been completed assuming the new rates need to be in affect by July 1, 2009.

### **Discussion**

The City Council has recently held “Discussion & Direction” sessions at its meetings of February 10<sup>th</sup> and March 10<sup>th</sup>, as well as a Public Hearing on April 28<sup>th</sup> to discuss the potential solid waste rate increase.

In proposing the new charge, the City has complied with each of the relevant requirements of Section 6 of Article XIID of the California Constitution (which was adopted by voters in 1996 as part of the Proposition 218). Consequently, NBS, the City’s consultant for public outreach on this project, mailed notice of the proposed charge to each solid waste customer and the property owner of record for the service address as of the last equalized assessment roll. Allied Waste also provided notice of the rate increase in the customer’s bill.

Customers and property owners have the right to submit written protest against the proposed charge and may do so by mail or in person to the City Clerk not later than the conclusion of the Public Hearing. At the writing of this report the City has received 22 written protest. If written protests against the charge are presented by owners of a majority of the affected parcels, the City Council may not impose the charges. The majority protest would require 4,128 written protest be received, or one more than 50% of the total properties of record numbering eight thousand two hundred and fifty-four (8,254). Protests are counted as set forth in a policy adopted by the City Council for these proceedings.

Staff proposes that the rates be adjusted so that the balance would be approximately \$600,000 in the red on December 31, 2010 and that the City would use all \$600,000 of the Allied Waste settlement monies to pay off the balance owed on December 31, 2010.

### **Public Outreach**

As required by Proposition 218, a notice was mailed to each customer of record informing them of the rate increase, protest process and contact information of the City Clerk and NBS. While not a legal requirement of Proposition 218, NBS also supplemented the customer noticing with a mailed notice to property owners who might not otherwise pay the solid waste bill. In order to eliminate duplication, NBS cross-referenced the property owner record from the County Assessor’s secured tax roll with Allied Waste’s customer list. Although this outreach effort expanded coverage to a larger audience, in some cases, such as homeowners associations that have master billing of solid waste service, individual property owners were not included. Also, on June 1<sup>st</sup> Allied Waste sent notices to all of its Belmont customers with respect to the proposed increase. Subsequently, City Staff commenced additional pubic outreach. City Staff posted a link

and other information on the Hot Topic portion of the City web page, where City residents may easily find background and other information regarding the proposed rate structure. In addition to mailing the legally required public Notice, the City published the Resolution approved on April 28, 2009 in the local newspapers for two consecutive weeks not less than 10 days before the date of the Public Hearing, and posted a copy of the Resolution on the official bulletin board customarily used by the City Council for the posting of notices.

### **Public Input**

At the time of the writing of this report the City Manager's Office had received two phone calls and the City Clerk's Office had received about five phone calls with questions or comments regarding the possible solid waste fee increase.

The comments received from the public by telephone and in letters included questioning of why the solid waste rates were being increased again, when residents were told in 2005 that there would not be another increase sooner than 2010. Other concerns have included that it was bad timing due to the current economic recession and inconvenient, especially after just receiving an increase in their sewer fees. Also, some residents felt that this was an undeserved increase as service from the provider had not been, in their opinion, satisfactory. As of June 1<sup>st</sup> the City has received 22 formal written protests.

### **General Plan/Vision Statement**

- General Plan Goal 1015.6  
"To provide public services efficiently and at a level adequate to serve an ultimate population of about 28,000."
- General Plan Goal 1015.9  
"To protect and conserve significant community resources such as energy, clean air and water and historic or architecturally interesting buildings."

### **Fiscal Impact**

The series of three 4.87% rate increases at six month intervals coupled with a one-time \$600,000 payment in December 2010 is projected to zero out the City balancing account and eliminate the reserve account deficit. Residential customer rates for one 32-gallon-can service will increase from the current \$20.17 to \$21.15 on July 1, 2009, to \$22.18 on January 1, 2010 and to \$23.26 on July 1, 2010.

### **Recommendation**

At the conclusion of the public hearing and after hearing any testimony, should sufficient protests be submitted in opposition of the rates, the City should stop further proceedings of the rate proposal. If otherwise, it is recommended that the City Council introduce the Ordinance implementing the solid waste fee schedule set forth in Exhibit "A".

**Alternatives**

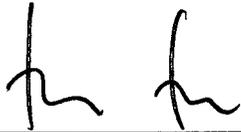

After holding public hearing and determining if there is a majority protest:

1. Take no action.
2. Introduce the ordinance attached as Attachment A.
3. Refer back to staff for more information.

**Attachments**

- A. Proposed Ordinance, including Rate Schedule (Exhibit A)

Respectfully submitted,

ORDINANCE NO. \_\_\_\_\_.

ORDINANCE OF THE CITY COUNCIL OF THE CITY OF BELMONT  
ESTABLISHING A REVISED SCHEDULE OF SOLID WASTE  
CHARGES

WHEREAS, solid waste, recyclable materials, and plant material collection services are provided in the City of Belmont by Allied Waste Industries, Inc. of San Mateo County (the "Franchisee") pursuant to a franchise agreement with the City; and,

WHEREAS, certain other services related to the disposition of solid waste, recyclable materials, and plant materials are provided by the South Bayside Waste Management Authority ("SBWMA"); and,

WHEREAS, the Franchisee collects charges from collection service customers to pay for the costs of the services provided to the customers by the Franchisee and by SBWMA; and,

WHEREAS, the City is contractually obligated to make the franchisee and SBWMA whole for these costs; and,

WHEREAS, the City has been informed that the cost of providing the services has increased, necessitating an upward revision to the schedule of solid waste charges collected by the Franchisee; and

WHEREAS, on June 23, 2009, the City Council held a full and fair public hearing, properly noticed as required by law, at which all persons interested were given an opportunity to provide oral and written testimony with respect to a proposed revised schedule of solid waste charges; and

WHEREAS, the City Council desires to approve a revision of the schedule of solid waste charges.

The City Council of the City of Belmont does ordain as follows:

SECTION 1: The City Council hereby approves the schedule set forth in Exhibit A to this Ordinance, which is incorporated herein by reference, as the schedule of solid waste charges to be collected by the Franchisee.

SECTION 2: The City Council hereby finds and determines that:

- A. The City has complied with each of the requirements of Section 6 of Article XIID of the California Constitution with respect to the actions taken by this Ordinance.
- B. The rates established by this Ordinance do not exceed the amounts permissible under Article XIID, and the sewer service charge is not a tax.
- C. A majority protest, as defined by Section 6(b) of Article XIID of the California Constitution does not exist with respect to the revision of the schedule of solid waste charges.
- D. Although the City Council, in the interest of public participation, has chosen as a matter of policy to follow the procedures set forth in Article XIID, nothing in this ordinance shall be interpreted as an admission by the City that such Article applies to the actions taken herein. The City Council things that it would have taken the action set forth in Section 1 of this Ordinance even if Article XIID does not apply to such action.

SECTION 3: The City Council hereby declares that it would have passed this Ordinance word by word, sentence by sentence, paragraph by paragraph, and section by section, and does hereby declare that any provisions of this Ordinance are severable and, if for any reason any word, sentence, paragraph or section of this Ordinance shall be held invalid, such decision shall not affect the validity of the remaining parts of this Ordinance.

SECTION 4: Severability.

If any section, subsection, sentence, clause, phrase or portion of this Ordinance is for any reason held to be invalid or unconstitutional by the decision of any court of competent jurisdiction, such decision shall not affect the validity of the remaining portions of this Ordinance. The City Council of the City of Belmont hereby declares that it would have adopted this Ordinance and each section, subsection, sentence, clause, phrase or portion thereof, irrespective of the fact that any one or more section, subsection, sentence, clause, phrase or portion may be declared invalid or unconstitutional.

SECTION 5: Pursuant to Section 36937 of the Government Code of the State of California, this Ordinance shall take effect and be in full force and effect thirty (30) days after its final passage.

SECTION 6: City Clerk shall cause this Ordinance to be published and posted in accordance with the requirements of Section 36933 of the Government Code of the State of California.

Introduced this \_\_\_\_\_ day of \_\_\_\_\_, 2009.
