# Parks and Recreation

## Parks

Several repairs were made at Barrett Community Center this week. Two irrigation valves were replaced on the turf field. The valves failed due to corrosion. New corrosion-resistant pvc valves were installed. In addition, severed irrigation wires were traced and located. Once the wires were located they were reconnected, restoring remote power to the irrigation valves on the field.

Ballfield maintenance continues on the turf fields in preparation for spring play. Base pegs and home plates are being realigned and repaired as necessary. In the attached photo, staff locates buried base pegs so that they can be checked for durability and proper base lane dimensions. The infields are also being cleared of fall and winter grass growth. Minor repairs on the home plates and backstops are also being made.

### Twin Pines Senior & Community Center

We regret to inform that longtime Belmont Resident Lucene (Lu) Krueger passed away recently at the age of 95. Lu has been an integral part of the Twin Pines Senior and Community Center for over 25 years as a participant and outstanding volunteer, and is the only recipient of the Acorn in The Giving Tree for her 20+ years of service. The Acorn represents those who have 'sowed' the foundation for a new generation of participants at the Center. More details of her contributions and memorial service can be found in the following obituary.

We hope that those who remember Lu will join friends and family in her memorial service. The details of the event can be found subsequently.
