City of Belmont Minimum Wage Ordinance-In Effect July 1st

On November 14, 2017, City Council adopted an ordinance to increase Belmont's Minimum Wage rate to \$15.00 an hour by 2020. Beginning on January 1, 2021, the minimum wage will adjust annually based on the regional Consumer Price Index (CPI).

Effective Date	City of Belmont
July 1, 2018 (Belmont Only)	\$12.50
January 1, 2019	\$13.50
January 1, 2020	\$15.00
January 1, 2021	\$15.00 + 2020 CPI + 2019 CPI* (Ex. \$15 + 3% +3% = \$15.91)
January 1, 2022 and each following year	Regional CPI Increase

* In January 2021 the Belmont minimum wage shall be increased by the 2020 and 2019 Consumer Price Index (CPI); this will align Belmont's minimum wage with the City of San Mateo's minimum wage program.

About the Belmont Local Minimum Wage Increase

Beginning July 1, 2018, employers who are subject to the Belmont Business License Tax or who maintain a facility in Belmont must pay to each employee who performs at least two (2) hours of work per week in Belmont, minimum wages not less than \$12.50 per hour. For further information and the complete ordinance visit: [Belmont Minimum Wage](#)

South Road and Ralston Avenue Signalization and Intersection Improvements

Starting Monday March 12th, the contractor McGuire & Hester will start work on the South Road traffic signalization and pedestrian walkways project between the hours of 9:00 AM-3:00 PM. The contractor will be closing the right lane at this intersection, and traffic control measures will be in effect. Please anticipate delays.

The Crystal Springs Upland School, in collaboration with the City of Belmont are implementing improvements to the intersection at South Road and Ralston Avenue. Improvements are intended to improve the Ralston Corridor traffic efficiency with the installation of pedestrian walkways and signalization.

The project entails the construction of a new traffic signal, pedestrian improvements, and bio-retention for storm water treatment. The signal will be connected to the City's interconnect system. In addition, the configuration of the intersection will be slightly modified which will eliminate the existing dedicated right turn lane from South Road. The project is anticipated to be completed by end of July 2018.

101st Airborne Unit – Adopted Troop

50th Anniversary Celebration!

Join us in celebrating in community-wide activities and special events to commemorate the 50th anniversary. In 1968, the City of San Mateo adopted A Company, 1-327th Infantry of the 101st Airborne (The Screaming Eagles). Since that time, Belmont and seven other San Mateo County cities have adopted units of the 101st, with Belmont adopting C Company, 1-327 Infantry in 2016. All nine cities are jointly celebrating this half-century supporting our troops with "Operation Eagle Visit", during the weekend of March 23rd – 25th, 2018. The public is invited and encouraged to participate in this show of support for these brave men and women.

For information on the events and the history of this Support our Troops effort go to [Operation Eagle Visit](http://www.cityofsanmateo.org/101st)

Join us and work out with our nation's finest and fittest!
In the end you will know why we called it "Sore" with the Eagles Boot Camp!

Mayor and City Staff Seek Summer High School Interns

Mayor Doug Kim and City staff: Carlos de Melo, John Jones, Randy Schwartz, Cora Dino and City Clerk Terri Cook representing various City Hall Departments met with Carlmont High School students on March 13 about summer internship opportunities in the City. This year marks the 4th Annual Local Government Internship Program, a collaboration between the City and the local public high school. This experience will provide our youth the opportunity to learn about their local government and the various jobs/career opportunities that serve the community. It helps bolster student's education by providing those opportunities one can't find in a classroom setting and helps develop leadership qualities.

This program started in 2015 when Carlmont alum Alan Yan contacted Council member Charles Stone about initiating the internship program. City Manager Greg Scoles and HR Director Cora Dino began collaborating with Carlmont staff-- Dr. Dominguez and Kristine Govani to create the program. In the last two years, Cora

has worked with Nina Rasor to keep the program alive.

This year The City will offer seven internships in the following city departments: Community Development, Parks and Recreation, Information Technology, Public Works, City Clerk's Office, and Human Resources. Approximately 30 students attended the informational panel session. Interested students with a minimum GPA of 3.0 may apply with Carlmont. School staff will review the applications and about a dozen or so names will be referred to the City for consideration. Applicants will then interviewed by the Department Heads or designees in April and selections will be made in May. Internships begin in June and last for approximately six weeks.

Parks and Recreation

Parks

Playground maintenance and repairs continued at several locations this week. At Belameda Park, all of the swings were replaced. Over time, both the belt and toddler swings experience wear and need replacement. Swings and related components were also replaced and adjusted at Twin Pines Park.

Landscape maintenance was done at multiple locations including Belameda Park, Twin Pines and Semeria Park. At Twin Pines and Semeria Park, new flowers and shrubs were planted. Drop by and enjoy the spring color!

A bench was installed in the open space on Lake Road near the Hallmark entrance. The bench is a nice resting spot near the top of the road and offer stunning views of the canyon and beyond.

Recreation

Summer Camps

Registration for Camp SOAR and Swim is now open! Visit [Parks and Recreation Online](#) and enter the activity name in the Search bar to register.

Belmont Participates at NDNU Job and Career Fair

Recently the P&R Recreation staff participated in the annual NDNU job and career fair; distributing flyers and information on the summer recruitment items for camp and lifeguard positions. In addition, the on-going recruitment for building attendants information was distributed in hopes of growing our team in the Belmont Recreation Department.

Teen Zone

This week the teens participated in an Easter eggs craft, where they had to decorate a hardboiled egg. We also had a game of ball tag plus soccer outside of room E. The snack of the week was navel orange slices and gram crackers, as well as turkey picnic sandwiches and gala apples slices. For cooking class this week the

teens made Mango Tart Smoothies! And later on – some delicious Twix's milkshakes. The lesson also included how to know if your fruit is ripe. We will end the week with a movie night featuring "Are We There Yet?".

YAC Attack!

The Belmont Youth Advisory Committee were among 200 attendees at the YAC Attack all day conference in Cupertino. Various sessions covered topics pertaining to teens. In addition, the key note speaker was Adam Klein a Burlingame High School and Stanford alum, who won the 2016 season of "Survivor". The teens were empowered by his motivational speech to overcome any adversity in their lives.

The YAC also hosted a TED talk on middle school to high school transition at Ralston Middle School.

Middle school students were given opportunity to ask questions about what to expect as an incoming freshman. A panel of guest speakers from Carlmont High School shared their experiences.

PUBLIC WORKS

The Old County Road Utility Undergrounding District Project

Project Update (3-16-18)

PG&E and their subcontractors continue work with electrical conversions and restoration of sidewalks. Below is the detailed schedule on the conversions to occur that may affect residents.

- March 19th -22nd: PG&E's subcontractor, RC Electric, will be working on Old County Rd. (between Masonic Way and Harbor Blvd.) from 6am – 4pm.
- March 26th - 29th: RC Electric will be working on Waltermire St. (between Old County Rd. and Elmer St.) from 6am – 4pm.
- April 4th - 8th: RC Electric will be working on Old County Rd. (between Masonic Way and Harbor Blvd.) from 5pm – 4am.
- April 9th -13th: RC Electric will be completing remaining cutovers on Old County Rd. (between Masonic Way and Harbor Blvd.).

Please be assured that there will be no noise in the early morning hours of construction work. RC Electric will have one crew truck and one lift on site and operational at times. Hand tools, electric drills, and electric hand saws will mostly be used to pull cables. PG&E's subcontractor has contacted and made arrangements with property owners when services will be disrupted. Services will be deenergized and then reenergized to the new underground electrical system.

PG&E is in the process of clearing out as much of their work as possible. This is to give way to other utility companies (i.e. AT&T, CableCom) who are still working on their cable lines and for the City's Old County Road Street Light Improvements Project. Tennyson Electric has been contracted by the City and began the Old County Road Street Light Project on March 5th with potholing in order to install new street light poles and to maintain lighting in the area. PG&E will be removing the wooden poles in a few months upon completion of the overall project. Old County Rd. (between Masonic Way and Harbor Blvd.), Masonic Way (between Granada St. and Old County Rd.), and Waltermire St. (between Elmer St. and Old County Rd.) may have lane closures with flaggers on site.

The City understands that this project causes inconveniences for residents during the construction period. Your patience and understanding are greatly appreciated.

For concerns regarding PG&E's Undergrounding project, please contact PG&E's Customer Outreach Specialist at 408-282-7517 or Public Works Department at 650-595-7425.

2018 Trash to Art Contest is Live!

"Give Trash a New Meaning Through Creative Reuse"

RethinkWaste's annual Trash to Art Contest is open to 3rd - 5th grade classes and individual students in our service area*!

Participants have the opportunity to give trash a new meaning through creative reuse. The Trash to Art Contest encourages students to create an art piece using materials that would otherwise have been thrown away. 90% of the piece must be made from recyclable or trash material collected at home, school, and everyday life. All mediums of art are encouraged, including sculptures, collages and murals, among others. Art pieces should not exceed 3ft x 3ft.

Prizes will be awarded to the 1st through 3rd place winners in both class and individual categories, and recognized at the annual RethinkWaste Earth Day@Shoreway event on Saturday, April 21st. The art pieces will also be on display at Shoreway's Environmental Education Center.
