City Hall Lobby ADA Compliance/Customer Service Remodel Progress

This important ADA compliance project for the City is now ahead of schedule and progressing smoothly. This week, substantial progress was made on addressing mechanical, electrical and plumbing (MEP) upgrades required for the recapture of hall space to lobby space, permit center counter and work stations. In addition, drywall was installed in the Lobby and security doors on the 3rd floor. The PD Lobby was reopened to the public. Tile work will begin in the bathroom and Lobby perimeter and salvaged items will be reinstalled. The signage plan was revised to include more technology with the addition of a second electronic display (smart TV) in the Lobby. The Permit Center has been temporarily relocated to the 3rd Floor of City Hall during construction and interim Permit Center accommodations are available on the City's website.

Belmont Public Safety Personnel Lend Assistance with Wildfires in Northern California

This past week, some of Belmont's finest continued to provide assistance with the devastating wildfires throughout Northern California. Police personnel responded as part of a law enforcement mutual aid request to the Mendocino Complex Incident, which involves both the River and Ranch fires in Mendocino & Lake County's. Officers assisted with evacuations, provided traffic control and patrolled evacuated areas. To date, these two fires have burned over 153,000 acres, destroyed 88 structures and are threatening another 9,200 and are 30% contained.

Fire personnel, deployed on July 26th as part of a countywide strike team, continue to work at the Carr Fire in Shasta & Trinity County's. Fire crews are working 24 to 48-hour shifts, during which time they're providing structure protection on the southeast border of the fire line in/around residential areas of Redding. They are also "cutting line" in an effort to form a fire break that will contain and redirect the fire front away from properties. It is anticipated Belmont's crew will be deployed for two weeks, at which time they will be replaced with fresh personnel if resources are still needed to fight the many fires around the state. To date, the Carr Fire has burned over 131,000 acres, destroyed over 1,500 structures and is threatening another 1,358 and is 39% contained.

The Fire Department also wants to continue to remind residents of the importance of maintaining an area of 30'-100' of defensible space around your property by cutting back grass, shrubs and trees around structures. For more information on mitigating the wildfire threat [click here](#).

National Night Out – August 7th

National Night Out is an annual community-building campaign that promotes police-community partnerships and neighborhood camaraderie to make our neighborhoods safer, more caring places to live. National Night Out enhances the relationship between neighbors and law enforcement while bringing back a true sense of community. Furthermore, it provides a great opportunity to bring police and neighbors together under positive circumstances.

This is Belmont's 7th year of participation in National Night Out. We have grown from just a few events to 14 locations this year! Below is a flyer outlining the locations, and a link to an interactive map. You are welcome to visit any one of these locations to reconnect with old neighbors and perhaps meet new ones. Public safety, crime statistics and other information will be provided, and visits will be made to each location by police and fire staff. You might even be lucky to be greeted by our K9 unit, who will be on duty that evening!

Here is a link to handy mapping app to help you find and navigate to the nearest Belmont National Night Out locations:

Registration for Fall Activities now Open

Have you found the new classes and events we're offering this fall? Engineering, STEAM classes, Robotics, Irish Dance, and, for the grownups: Parents' Night Out! Check out the Fall Activity Guide for oodles of info on all sorts of classes, programs, and special events.

For details on all the offerings, classes and registration visit our [2018 Fall Activity guide online](#).

Twin Pines Senior & Community Center

The Lunch Bunch

Volunteers are serving up lunch three days a week at the Twin Pines Senior and Community Center. This week our lunch participants received a laminated placemat to take home which is filled with helpful ways to prevent being scammed.

Fun and Games

Get in the game! Several games are played at the Twin Pines Senior and Community Center including Canasta (Pictured above), Pedro, Mah Jong, Bridge, Ping Pong, Bingo and Wii Bowling.

[Back to Top](#)

Camp Soar

Camp SOAR has officially reached its final week for the 2018 summer! Campers will be heading off to Aqua Adventure waterpark next week for the final field trip of the season. In addition, campers will be greeted by "Jungle James" reptile show to wrap up the summer. Our theme for the week will be "Polynesia-Palooza" where we will have a BBQ on the final day of camp to end the season on a high note!

Teen Zone

The teens started the week by crafting bath bombs made from baking soda, citric acid, essential oils and Epsom salt. The marshmallow toss competition was great fun! The winning group tossed 21 marshmallows into their partner's mouth before time ran out. The hungry bunch enjoyed a snack of grilled cheese sandwiches and turkey melts, Ritz crackers and Fuji apple slices. Friday's movie was a summertime classic: Little Rascals.

Twin Pines Master Plan

Thanks to all who participated in the first community engagement event for the Twin Pines Master Plan at the last Summer Concert of the season! More 'pop up' events will occur in September and October, and we'll have an online engagement option on our website soon. All ideas are welcome! Information on this project is available at: www.Belmont.gov/twinpinesmp

Parks

Field maintenance continues throughout Belmont this week. This phase of the turf maintenance includes slit seeding and fertilization. Slit seeding utilizes an attachment on the tractor that facilitates large-scale overseeding of the sports fields. Several hundred pounds of grass seed is added to the hopper and the attachment simultaneously cuts into the dirt and deposits the grass seed into the depression, effectively planting the seed. This is an efficient way to replenish worn areas on the sports fields and encourage new growth. Fertilization "feeds" the sports turf. The fertilizer blend being utilized encourages strong root development and disease resistance. In addition, the summer fertilization will add a boost of nitrogen, which helps the lush green look to the fields.

At O'Donnell Park, general landscape maintenance was conducted. The maintenance included shrub pruning and tree trimming. The water fountain was also repaired. Weeds were removed from the landscape beds and play area. At Cipriani Park, weeds were removed from the dog park area and fence lines. Irrigation maintenance was also conducted.

[Back to Top](#)

General tree trimming was conducted throughout Belmont including Sterling Downs, Alameda De Las Pulgas near Forest Avenue and College View. The trees were trimmed for right-of-way clearance and general health.

Make Sure Your Pets are Safe

Get your pets licensed and vaccinated against rabies.

Licensing is the foremost way to ensure your pet makes it home. Of course, getting your pet microchipped is another form of effective identification, however if your pet ends up at a neighbor's house, school or local park and can't be identified, he or she may be taken to the animal shelter. A resident can call the number on the tag and will receive your vital information to return your dog home to you.

Protect us
Make sure we're **licensed**

- In San Mateo County **IT'S THE LAW** that all dogs over four months must be licensed and in Belmont cats must also be Licensed.
- Visit petdata.com to license your pet today or find other ways to license at smchealth.org/AnimalLicensing.
- Rabies vaccinations are available from your veterinarian or visit smchealth.org/rabies for a list of low-cost vaccination clinics. You must provide proof of vaccination to get a license.

You'd do anything for your pet, so make sure they make it home safely—license them today at petdata.com.

Public Works Project Info/Traffic Advisories

2018 Slurry Seal Project – Measure I

Construction began August 3rd with dig-out work. The tentative schedule for dig out and slurry is below. Striping work is to follow. Streets not listed for dig-out work will be slurried. Letters from the contractor will be sent and no parking signage will be posted.

More information and updates can be found on the Project webpage here: [2018 Slurry Seal Pavement Project](#)

Further information on the City's Street Improvement Program can be found here: www.belmont.gov/BelmontPavement

Ralston Avenue & Tahoe Drive Roadway and Traffic Signal Improvements (Interstate Grading & Paving)

The contractor (Interstate Grading & Paving) will continue to finish constructing the wall and install the wall drainage and backfill behind the wall, install irrigation line for center median, demolition for sidewalk, curb ramps, and possibly pour concrete for the exit valley gutter and curb ramps at the exit of the school. One lane is needed to perform these activities on Ralston Avenue between 9am-3pm, traffic control will be provided.

Ralston Avenue & South Road Intersection Project (McGuire & Hester)

The contractor will continue to install conduit for the traffic signals, work on the sidewalk improvements on the northwest corner of the intersection and along the north side of Ralston Avenue, and form up the curb ramp at South Road. Lane closures are expected on Ralston Avenue between 9am-3pm. Shoulder work is permitted between 8am-5pm.

Ralston Avenue Sewer Rehabilitation Project Phase II (Express Plumbing)

Belmont Sewer and Water Rehabilitation for the Week of Monday, August 6 – Friday, August 10, 2018. K.J. Woods will operate with two different working crews at the identified locations:

Ralston Avenue:

Express Plumbing Services will begin to potholing starting on station 1000+40 (MH 442701A.) They will be conducting a soil investigation for the new proposed Sewer Main pipe installation and alignment. Ralston Avenue will remain to one lane from the intersection of Alameda De Las Pulgas station 100+00 past Coronet Boulevard to station 96+00 where the Traffic Control will connect with the existing construction activity. This work is expected to continue till Tuesday August 7, 2018 until further notice. **Once the soil investigation has been completed, we will be able to determine the path moving forward on Sewer Main pipe installation and alignment.**

Davey Glen Road:

KJ Woods has now completed the installation of Water Main (WM), tie-in connections, service connections, and fire hydrant transfers from El Camino Real / Davey Glen Road station 17+00 to Middle Road / Davey Glen Road station 0+00. They will now move forward with the Pipe Bursting of the new Sewer Main. Davey Glen Road will be closed to through traffic at El Camino Real and Middle Road from **8AM to 5PM Monday through Friday**. Flaggers will be used for mobilization assistance.

Belburn:

KJ Woods will be excavating and installing the new 8" water main and service connections. This will also include hydrotesting, chlorination, and service transfers. Belburn Drive will be closed to through traffic from Academy Avenue to Villa Avenue starting **Monday, August 6, - Friday, August 10, 2018 from 8am – 5pm**. Flaggers will be used for mobilization assistance.

Ralston Retaining Wall Repair Project

The Ralston Retaining Wall Repair consists of constructing approximately 165 linear feet of new retaining wall, installing new railings on top of an existing retaining wall, cleaning and waterproofing the surface of an existing retaining wall. Hillside Drilling Inc. began construction on Monday 7/16. They will be working behind shoulder closure starting at 7:30am until 9am when lane closure begins on Ralston Avenue on weekdays. There are two locations along Ralston Avenue as part of this project: (1) near Pullman Avenue and (2) between Chula Vista Drive and South Road. Work scheduled for the week of August 6 includes drilling, setting & pouring concrete, backfilling & draining at the lagging wall as well as clean up at the concrete wall. The project is anticipated to be complete mid- August.

Upcoming Event

The Belmont Water Dog Run is a community run that supports awareness and increases funding for local education. Beneficiaries of the event are Belmont schools, services, and programs. A community event involving kids, parents, grandparents, stroller-brigades, furry-legged canine friends, and hundreds of runners and walkers throughout the Bay Area, the Belmont Water Dog Run embraces the sense and support of community. Never before, in the city of Belmont, have so many shared the same streets for a common cause, education.

**San Mateo County
TRANSIT DISTRICT**

Media Contact: Tasha Bartholomew, 650-508-7927

Board of Directors Oppose Proposition 6

This week, members of the Board of Directors for for [SamTrans](#), [Caltrain](#) and the [San Mateo County Transportation Authority](#) unanimously voted to oppose Proposition 6.

Each Board adopted a resolution that expresses strenuous opposition to Proposition 6, which would repeal Senate Bill 1, also known as the "Road Repair and Accountability Act." The passage of Proposition 6 would jeopardize the funding needed for execution of SamTrans, Caltrain and SMCTA projects, plus deprive Californians of resources now available from S.B.1 for much-needed improvements in transportation infrastructure and transit systems statewide.

San Mateo County transportation projects in jeopardy of losing funding include: SamTrans' Express Bus Pilot Project, Linda Mar Park and Ride repavement project and procurement of new electric buses; Caltrain's Grade Crossing Improvement Project, Bike Parking Program and Electrification project; and the SMCTA's U.S. 101 Managed Lanes Project.

The San Mateo County Transit District is a member of the Coalition to Protect Local Transportation Improvements, a diverse coalition of local government, business, labor, transportation, and other organizations throughout the State that also are opposed to the repeal of S.B. 1.

###

About SamTrans: SamTrans operates 70 routes throughout San Mateo County. Funded in part by a half-cent sales tax, the San Mateo County Transit District also provides administrative support for Caltrain and the San Mateo County Transportation Authority. SamTrans has provided bus service to San Mateo County customers since 1976.

Like us on Facebook at: www.facebook.com/samtrans or and follow us on Twitter [@SamTrans_News](https://twitter.com/SamTrans_News).

Free translation assistance is available.

Para traducción llama al 1.800.660.4287; 如需翻譯,請電 1.800.660.4287.

About Caltrain: Owned and operated by the Peninsula Corridor Joint Powers Board, Caltrain provides commuter rail service from San Francisco to San Jose, with limited commute service to Gilroy. Caltrain enjoyed five years of consecutive monthly ridership increases, surpassing more than 65,000 average weekday riders. While the Joint Powers Board assumed operating responsibilities for the service in 1992, the railroad celebrated 150 years of continuous passenger service in 2014. Planning for the next 150 years of Peninsula rail service, Caltrain is on pace to electrify the corridor, reduce diesel emissions by 97 percent by 2040 and add more service to more stations.

Like us on Facebook at: www.facebook.com/caltrain and follow us on Twitter [@Caltrain](https://twitter.com/Caltrain).

About the TA: Created to administer Measure A, San Mateo County's half-cent sales tax, the Transportation Authority provides funding for transportation and infrastructure improvement projects. In 2004, more than 75 percent of San Mateo County residents voted to reauthorize Measure A for an additional 25 years.
