- Dec 18 Planning Commission Meeting
- Dec 25 City Council Meeting Cancelled
- Dec 24-Jan 1 City Hall Office Closed – Holiday Break**

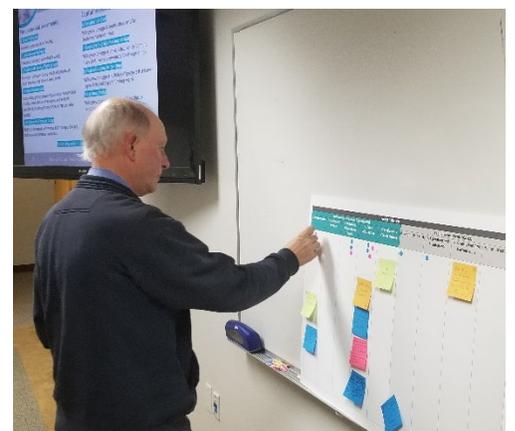

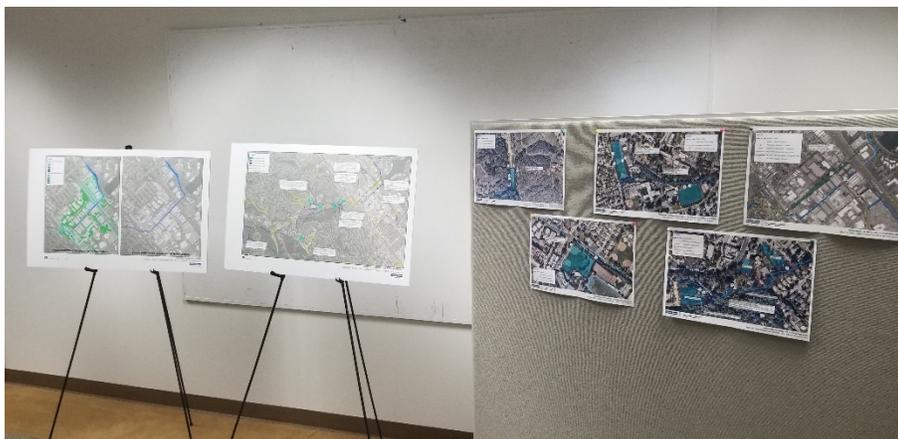

### **Belmont Creek Flood Management Engagement – Open House**

The City and its partners hosted a community workshop about its multi-agency collaborative, studying flood protection and environmental enhancement, in the Belmont Creek drainage basin. The attendees learned about the issues associated with the creek and objectives of the study, reviewed potential flood management alternatives, and provided feedback about the Belmont Creek Flood Management plan.

San Mateo County and the Cities of Belmont and San Carlos are collaborating on the Belmont Creek Flood Management Plan. The plan will enhance the natural function of the watershed and protect people and places from flooding. Flooding occurs between Old County Road and Industrial Road and continually impacts residents and businesses. The full length of the creek was studied and analyzed for capacity deficits, erosion, and bank stability. Today's system has capacity for the 10-year storm, which has a 10% probability of occurring any year. With community input, the Flood Map agreement Plan is looking to protect for larger storm events. Implementing multi-beneficial flood resilient solutions for larger flood events will save the community from costly damage in future storm recovery costs.

**Belmont Creek Flood Management Engagement – Open House (cont.)**

### City Hall Lobby ADA Compliance/Customer Service Remodel Progress

Phase II of this ADA compliance project is now complete. The Permit Center has successfully moved back to the Lobby and is fully operational and open to the public. Both large display monitors have been mounted in the Lobby waiting area and at the Permit Center counter. The remaining signage, including the City Council Directory and Police Department signage, is scheduled to be installed early next week. Phase III has begun, as the contractor has commenced work on the PD night window with remodeling of the Police Lobby to follow.

The Grand Opening of the new Permit Center is scheduled for the December 11<sup>th</sup> City Council meeting.

### Quarterly Home Sales History – 2018 Q3

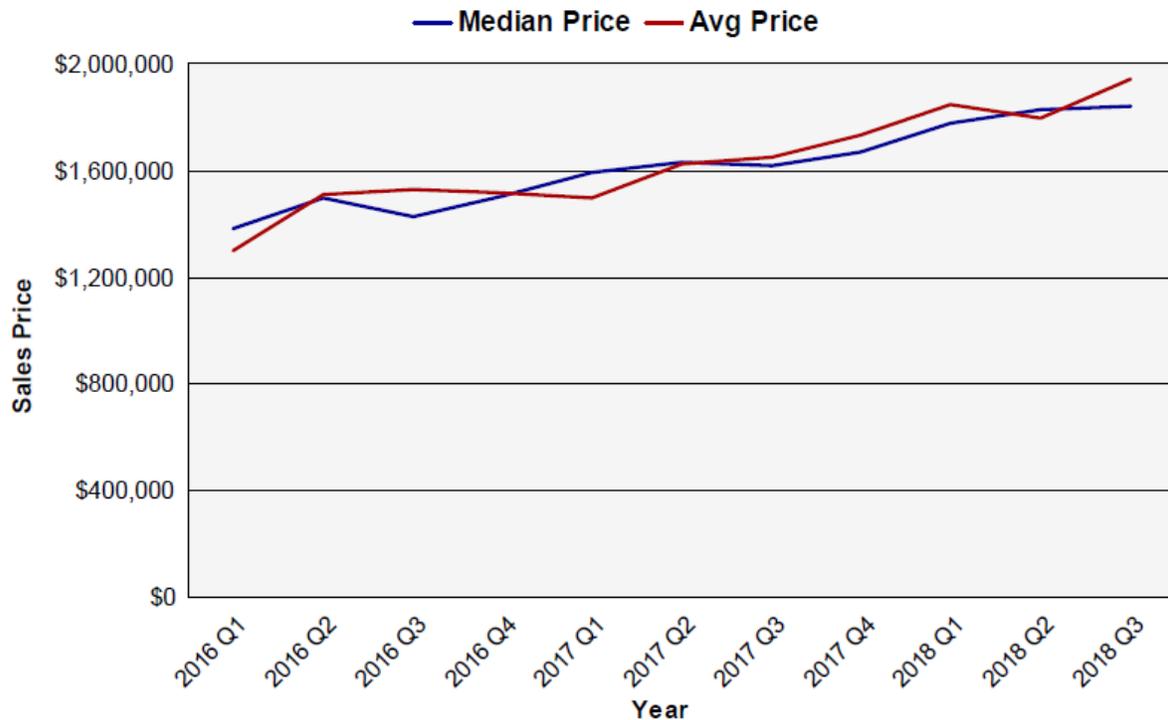

The City's revenue consultant, HdL has provided an update regarding home sale trends for the third quarter. Home sales in Northern California were the slowest for September in over 10 years. Higher prices and increased mortgage rates have deterred would-be buyers. The median price paid for all Northern California homes sold in September was \$815,000, down 1.8% from \$830,000 in the prior month, and up 9.3% from \$745,750 in September 2017. Home sales of \$500,000 or more accounted for 79.6% of all sales, up from 75.3% this time last year. Below is a chart showing the number of detached single-family residential sales (by quarter) and the median sale price for those properties in Belmont.

### THE CITY OF BELMONT SALES VALUE HISTORY

Detached Single Family Residential Full Value Sales (01/01/2016 - 9/30/2018)

Year	Full Value Sales	Average Price	Median Price	Median % Change
2016 Q1	34	\$1,297,412	\$1,381,500	
2016 Q2	69	\$1,507,217	\$1,500,000	8.58%
2016 Q3	58	\$1,526,069	\$1,425,000	-5.00%
2016 Q4	58	\$1,517,414	\$1,503,500	5.51%
2017 Q1	38	\$1,498,921	\$1,590,000	5.75%
2017 Q2	70	\$1,621,864	\$1,630,000	2.52%
2017 Q3	66	\$1,650,470	\$1,617,500	-0.77%
2017 Q4	66	\$1,730,712	\$1,670,000	3.25%
2018 Q1	36	\$1,845,014	\$1,780,000	6.59%
2018 Q2	55	\$1,795,727	\$1,830,000	2.81%
2018 Q3	59	\$1,941,042	\$1,840,000	0.55%

## PROJECT UPDATES

### Shoreway Sewer Rehabilitation Project

On the week of December 3<sup>rd</sup>, the contractor (Cratus Pipeline) will be continuing to excavate and install the new 18" PVC sewer main along Shoreway Road. Extended working hours are 7:00 am – 5:00 pm. The contractor is currently working at a unique location on the project where additional measures of compaction and trench backfill need to be implemented due to some roadway settlement issues. Temporary traffic signals have been installed for after-hours traffic control, but during the normal working hours flaggers and pedestrian control will be in place to help alleviate traffic congestion and assure pedestrian safety.

Thank you for your patience and understanding during this challenging project.

## SEWER DIVISION HIGHLIGHTS

- \* Performed weekly sewer pump station preventive maintenance on 11 sewer pump stations
- \* Hydro cleaned 5,017 linear feet of city sewer main line throughout the city
- \* CCTV inspected 5,754 linear feet of city sewer main line throughout the city
- \* CCTV inspected 1 sewer lateral wye connection
- \* Working on 2019 Paving Project by assessing all sewer and storm asset conditions under street segments to be paved to determine any needed repairs before street paving begins
- \* Staff attended in house training on Safety Data Sheets

[Back to Top](#)

- \* Hosted construction manager and arborist on site visits for upcoming sewer easement rehabilitation project regarding trees and other conflicts with construction design plans
- \* Continuing to test wireless ultrasonic sensor from Flow Group Services to monitor targeted sewer manholes for high flow levels to help prevent sanitary sewer overflows\*
- \* The Sewer Division worked extensively on storm drain system maintenance\*

**STORM DIVISION HIGHLIGHTS**

The Storm Division inspected hot spots in Belmont to prepare for the rainy weather. Maintenance of hot spots including clearing debris, ensure our creeks from overflowing on to city streets. With the help of the Parks and Recreation Department, Public Works cleaned the V-Ditch at Water Dog Lake. Over 1,200 storm drain inlets and manholes throughout the City were inspected and cleaned.

## ANNOUNCEMENTS:

### Winter Spring Activity Guide

2019 is just around the corner! Try something new or continue a favorite class or program. Online registration is now open for Winter and Spring seasons. Browse our [Winter/Spring Activity Guide at Belmont.gov](http://www.belmont.gov/parksandrec).

### Off Leash Dog Hours End Today

November 30<sup>th</sup>, is the last day of the morning off leash hours at Barrett Community Center. The winter months are an important time for the grass to recover from heavy use in the fall. Thank you for your understanding!

### Parks and Facilities Maintenance/Winter Prep

Parks maintenance staff was busy this week with seasonal maintenance preparing parks and facilities for the incoming storms. This preventive maintenance included cleaning the roofs and gutters at all buildings in Twin Pines Park, Barrett Community Center, Library and Fire Station 14. Drains and downspouts were also flushed and cleared for smooth water flow. In the parks, drainages and v-ditches have been cleared of leaves, dirt and debris to manage runoff efficiently. Dead wood has been removed from selected trees to minimize falling tree limbs from wind related events.

[Back to Top](#)

The parks maintenance team partnered with public works this week to attend an annual chainsaw safety training course. The course covered safe operation, cutting techniques, and wood chipper operation. This valuable training allows staff to hone their skills and master specialized techniques that will be applied in the field. With the winter storm season ahead, this is always a timely and enjoyable refresher for staff.

### **Belmont Community Learning Center**

On November 21<sup>st</sup> BCLC celebrated with a Thanksgiving lunch for all the children and their families. The children wore their handcrafted pilgrim and native American costumes.

### **Teen Zone**

The teens cooked up another storm this week. Garlic lime chicken and spaghetti noodles were on the menu. Teens learned to sauté, season, chop, and enjoy the tasty meal. They'll end the week with a movie classic: Cool Runnings. Remember, the Teen Zone is a free space for teens to come and relax, socialize, play games, and, of course, cook!

### **Measure W Passes, Will Provide \$2.4 Billion for County Transportation Improvements**

Today, the San Mateo County Elections Office released an updated report showing that San Mateo County voters have approved Measure W, which will create approximately \$80 million per year in new investment to relieve traffic congestion and provide expanded mobility options for County residents. The results show that 66.87 percent of county voters supported the 30-year measure putting it above the required two-thirds threshold.

“We, with our partners, are grateful for this opportunity and we are prepared for the challenge of putting these funds to work to create transportation and traffic solutions for everyone who lives and works in San Mateo County,” said San Mateo County Transit District General Manager/CEO Jim Hartnett. “Getting to this point was a tremendous team effort, and we are incredibly thankful to everyone who helped make it happen. We were able to put Measure W on the ballot thanks to an extraordinary partnership with Assembly Member Kevin Mullin and the San Mateo County Board of Supervisors, and it was successful thanks to tremendous efforts from the business community, transportation advocates, and residents, families, and workers throughout the County that committed such invaluable support.”

“Voters have spoken loud and clear a truth we’ve known for some time; that transportation and transit need substantial investment in order for us to solve our traffic problems,” said Transit District Board Chair Charles Stone. “There are projects and programs ready to go, from express buses to microtransit to reducing chokepoints at our highway interchanges. The funding provided by Measure W will help to make them a reality. My sincerest thanks go out to the people of San Mateo County for making their voices heard.”

The distribution of the funds will be shaped by the Congestion Relief Plan, which was a product of this community feedback and was developed to reflect how residents think transportation funding should be invested. The Plan includes five investment categories designed to focus on advancing these priorities, while also addressing other important transportation needs:

- **22.5 percent toward Countywide Highway Congestion Improvements** to improve throughput and travel times on highway facilities in San Mateo County.
- **12.5 percent toward Local Safety, Pothole and Congestion Relief Improvements** for investment in local transportation priorities including efforts to separate the rail corridor from local roads, improve bicycle and pedestrian connections, incentivize transit options, and improve traffic flow in key congested areas.

[Back to Top](#)

- **5 percent toward Bicycle and Pedestrian Improvements** that safely connect communities and neighborhoods with schools, transit and employment centers countywide.
- **10 percent toward Regional Transit Connections** to better connect residents traveling from San Mateo County to neighboring counties with new and enhanced transit options.
- **50 percent toward County Public Transportation System Investments** to maintain and enhance bus, paratransit, rail and other countywide mobility services.

Investments in these five categories will be guided by 11 Core Principles that were developed in consultation with a group of more than 100 local transportation experts, advocates and community stakeholders. The Core Principles include:

- Relieve traffic congestion countywide
- Invest in a financially sustainable public transportation system that increases ridership, provides quality transit options for everyone, and embraces innovation to create more transportation choices and improves travel experience
- Prioritize environmentally-sustainable transportation solutions
- Promote economic vitality and economic development
- Maximize opportunities to leverage investment and services from public and private partners
- Enhance safety and public health
- Invest in repair and maintenance of existing and future infrastructure
- Facilitate the reduction of vehicle miles traveled, travel times and greenhouse gas emissions
- Incorporate the inclusion and implementation of policies that encourage safe accommodation of all people using the roads, regardless of mode of travel
- Incentivize transit, bicycle, pedestrian, carpooling and other shared-ride options over driving alone
- Maximize traffic reduction potential associated with the creation of new housing opportunities in high-quality transit corridors

To ensure that the Plan is implemented in a way that reflects these Core Principles, the Plan also includes a new citizen oversight protocol. The protocol requires the appointment of a 15-member independent citizen oversight committee that would meet regularly to monitor decision-making, ensure accountability, and provide assurance that the plan is implemented in a way that stresses public transparency.

The tax is scheduled to go into effect July 1, 2019.

###

*About the San Mateo County Transit District: The San Mateo County Transit District operates 70 SamTrans routes throughout San Mateo County. Funded in part by a half-cent sales tax, the San Mateo County Transit District also provides administrative support for Caltrain and the San Mateo County Transportation Authority. The San Mateo County Transit District has provided bus service to San Mateo County customers since 1976.*
